

K-LOVE has really impacted my life. I listen to this station daily and it really gets my life going on the right track, with a positive outlook on life. Everything about K-LOVE is encouraging to my life from the songs to the fact they will pray for me if ask. K-LOVE will really be missed if it was no longer on the air here in Denver. This is really uplifting and positive music for our teens here. I actually think everyone benefits from this, by listening to K-LOVE the whole family can be encouraged.
